INTRODUCTION

Poetry is written from the heart, and it speaks to the heart. Poetry allows us to hear another person's voice in a beautiful way that can illuminate our own experiences, as well as create empathy for the different experiences of others.

Muriel Rukeyser says in *The Life of Poetry* that in order to successfully read a poem, we must give a poem “a total response.” This means giving it all of our attention, taking it in slowly, reading it several times. It means listening to the poem openly, without judgment, and without projecting our own assumed meanings onto it.

To come to emotional meanings at every moment means to adjust and react to the way a poem takes shape with every word, every line, every sentence, every stanza. Each poem creates its own universe as it moves from line to line.

Poetry is a condensed art form that produces an experience in a reader through words. And though words may appear visually as symbols on the page, the experience that poems produce in us is much more physical and direct. This is why we must read poems with full concentration and focus more than once. It is why we must read them out loud. It is why we must be attentive to every aspect of the poem on both ends: as a writer, and as a reader.

Readers come to the page with different backgrounds and a range of different experiences with poetry, but it is how we read a poem that determines our experience of it. The bunch of poems ‘Endless Quest’ in reveals such pleasure to readers.

Poet Satish Raut

CONTENTS

Hate Love...

Hate Love

When you say ‘ I hate you !’
I fall deep in love ..
With every say , more and more !

When you will say ‘ I love you !’
I’ll surely fly
With those words soar and soar !

I am waiting for my being
At that moment..
I’ll be sublimed ..no more at the core !

Mermaid in Sands

Never before your thought
came in my mind
The reason why I miss you
I can't find !

You are far away
Beyond the Arabian Sea !
In the city of dreams
which is called as Dubai !

I am a bit restless
feeling so much lonely !
The mind is flying forlorn
revolving around you only !

I know it shouldn't happen
But not in my hands !
My the heart is pining
for a mermaid in sands !

A Stunning Bison !

Somebody was waiting out
So I had to take a leave
I climbed down the hillock
It's raining in the eve

I Saw a black claddded Bison
underneath the tree
Yesterday he was in a crimson
“How can it be ? “

I could barely behold
His looks a day before
Only stared black hooves
And nothing much more

Today,I saw a stunning beauty
behind green veil
It was a brief encounter
But everything went well !

Date

had a wonderful date with a blue sapphire
I fell in love with a fairy in golden attire

I soaked in a grin from her gleaming face
My eyes glued to slender arms like daisy in a vase

I tried to immerse in her eyes but couldn't dare
Her sudden piercing glance caught me unaware !

Still the moment of parting gives me unbearable pain
I miss her a lot , want to meet her again & again

I can't bear

a grief and guilt on your face

Oh my dear !

I can't see a fall from grace !

My heart stays within you

How can I hurt ?

You may be mistaken

But It's a love ..not a flirt !

Mere a thought of parting

makes me paining !

After so many years

How the heart is pining ?

I love you immensely

losing you is a death !

I want you in my life

Till my last breath !

Beautiful Things

Some beautiful things are
Not to touch
Not to eat !
So...
I got angry!
When that beautiful Lady
Took a bite of it !!

Some beautiful things are
just to see and stare from a long !
To Touch the heavenly things
I consider it wrong !!

I personally take care
I do not even stare !
I don't believe in fantasy
And such dreams are rare !!

I know

I know ...
It beats
It resonates
It throbs ...
Is it pining? Don't know !

I know ...
It outpours
It flows
It permeates ...
Can I fathom it ? Don't know !

I know
It buoys
It quivers
It shivers
Is it immersed ? Don't know !

You with me

You made my journey happy
I could behold you in nature !
In lush green hills , meadows
and in streams of water !

You were with me in fog , in mist
You were with me in my arms with tightened fists

We caressed , we hugged
We roamed freely
We sang , we danced
We loved truly

I miss you
And will miss always!
We know , we have
All together different pathways

I see nothing common
And shouldn't be so
But Heart is pierced
With a sharp bow

Ocean

Oh my Heart of Ocean !
I am deeply immersed in you
Having completely lost
I see nothing but the sapphire blue !

I kiss your tears , to me
So soothing and endearing
I quench my thirst
with that saline outpouring

With a nectar of love
When a heart is
Ocean of tears

Back to the friendship

In a reverse gear
The speed is slow
It is difficult to drive
against the flow

You say, It's possible
to turn the tide !
We'll sit together
and mutually decide

A journey beyond friendship
was truly awesome
It's was a spring in life
full of blossom !

Back to the friendship
Will be a painful move
But I'll never forget
A brief journey of love !

An Empowered beauty

I saw a fairy lady ,reasonably tall !
With silken hairs like a cascading waterfall !

A poised beauty was walking with grace .
Sheer confidence was emanating from her face

I was amazed to see, her beaming personality
Perhaps grown up in a crucible of adversity !

It had made her an empowered woman !
I see the greatness in her of a superhuman !

Touch

A touch makes me close the eyes
A touch takes me to new highs

A touch raises my fever
A touch makes body quiver

Your touch melts me within
The ultimate feeling ...so serene !

Nectar

Your hug de stresses
I melt with your kisses
But ..
Your love is a true bliss
Nowadays I truly miss !

You thrive in my heart
In every breath !
You are the nectar for eternity
so no fear of death !

You are the best gift ever
The Almighty has given !
Such a precious and pretty
hardly be in the heaven !

You are the only deity
that I love and adore !
You'r the last wish of mine
I pray for no more !

Momentary

I hope this is momentary
won't last for a long !
It's better to retreat
before anything goes wrong !

My roots are deeper
and bonds are strong !
Yet you struck the chord
and a poem became the song !

I know you for months
but hardly thought that way
But Unknowingly pulled to you
What else I can say !

Am I falling in love ?
How can it be so late ?
Before coming to conclusion
I think I must wait !

Let the days be passed
Let the time fly high
If feelings are the same
It'd be time to say 'Good Bye!'

Only sacrifice is the solution
In such cases !
Time heals the wounds
No doubt with a few traces !

One has to make compromises
It's a part of life !
My heart will accept
that You'r someone's wife !

My little mermaid !

When you stroll on a beach
& wade through water
A gentle touch of your toes
splashes pearls with glitter

When waves gush through
your robes and around
Your shivering sleek body

Endless Quest | 19

leaves me spellbound !

How does a miracle happen
I don't have clue
But I love you little mermaid
in a sapphire blue !

I wanna be one with you like a glue
I love you little mermaid in a sapphire blue

The Sun beckons
before bidding me adieu
my heart is awakened

Twilight dusk beckoned

Earth and heaven mingled in tangerine hue
I love you little mermaid in a sapphire blue

Chapter

The chapter is closed from my side
You've a free ground open & wide

I never ignored you or tried to avoid
I wanted to be your best friend & a true guide

But all is washed away with a small tide
Nothing could be saved even my pride

The emptiness will take my soul for a ride
I hope the best memories will fill the void

It makes sense

I can't be one
Whom you loved insanely !

I know with me
You can't revisit
those tender moments so heavenly !

I can't be
your partner for life
Who may walk with you openly!

But it was destined
In your life
I would enter all off suddenly !

When we met first
To your cascading charm
I had fallen prey instantly !

Then we mixed well
Almost like a gel
Always eager to meet frequently !

Dear ..
I like you very much
and may fall in love
If keep on thinking so intensely!

Girl butterfly

You are a free girl
like a butterfly
I wanna unleash
Wanna soar high !

It's amazing
How did you cope up ?
Fallen from ground
Your heart again woke up
You'r my inspiration, I don't lie !

I know what happens
When heart is broken
As if from a body
the soul is taken !
Many would kneel down just to cry !

Sky

Now the sky is clear
No more outpouring !
Dark clouds are gone away
No signs of roaring !

Something was stormed
with lightening and thunder
The devastation it caused
was all my blunder !

Loss will be irreparable
If I repeat the same
It may bring guilt in mind
and stigma to the name

Gorgeous Girl

You are a Gorgeous Girl
Like a Greek Goddess !
An invaluable treasure
I would like to possess !

Awesome bosom and supple waist
Sensual loin with a perfect base

Sharp jawline with a slender neck
Darling I love your beautiful face

I turn on with your silken hairs
and maddening voice
I am ready embrace you
but it's your choice

The First Touch ..!

That night ...
Our palms were clasped
& fingers interlaced !
It was more than a shake hand
I felt so blessed !

A warmth of your heart
I could really feel !
“Dear I want to be more close !”
was my will !

Now a strong connect
I find between our hearts
I can feel your pulse
though we’r living apart !

I guess you miss me
like I miss you very much !
I’m always lost in your thoughts
ever since the first touch !

Wife Godly Soul

23 Years Ago ,
A God's Soul entered in my life !

Happy Wedding Anniversary,
to my dear wife !

For her the World is too small
Me and our two kids encompass it all !

Since 12 years ...my life is on wheels !
She often complains and lonely feels !

Yet In all seasons and any kind of weather !
We'r glued to each other and live happily together !

Women

A woman ..
To a family chariot ,
an indispensable wheel !
Her duty would be
caring of kids and preparing meal !

With relentless struggle ..
she has come out of veil !
An empowered woman
now runs the plane & rail !

Happy Women's Day !!

With you

With you nothing is stale
Without you everything is hell !

With you
I feel fresh forget my age
With you
I become a bird freed from cage

Any difficult height I'm prepared to scale

Frank

To show me frank
I make pranks
But actually
I am a serious guy !
May not be yet in Love
But deeply involved !

I say ‘ May not be in Love’
May not be true
But actually
I do not dare to assess my heart !
And scare - if it says ‘Yes ?’

You have already lost your
dearest one , a true love !
I want to be yours
But actually
I can’t match or replace him
I can’t fill that void !

If I be yours
I can’t be forever !
Actually
Age is the factor
That would take way me apart !

It may happen
Not now ...
Sometime in future !
And
It would be actually ..
a sin to leave you
midway forlorn ! Alone !
Letting Go !

Letting go means ...
Not wasting the time in fixing the things
Nurturing the new giving it the wings

Letting go means ...
Making one to stand firmly on feet
Pushing oneself to achieve the feat

Letting go means ...
Burying the past focusing on future
On a new canvas painting a picture

Letting go means ...
Forgiving the people freeing the soul
Severing the strings setting a new goal

Water

We all sail...
in a same boat !
In thoughts ..
We sink ... we float !

It is the water
what matters a lot !

Sometimes ...
it's cool
sometimes ...
too hot !

Sometimes
turbid
Sometimes ...
crystal clear !

Sometimes ...
too far
Sometimes...
very near !

Sometimes ...
turbulent
Sometimes ...
Silent !

Sometimes...
so soothing
Sometimes...
violent !

Sometimes ...
swift
Sometimes ...
too slow !

Sometimes....
too deep
Sometimes...
shallow !

For mortals
there's no escape !
Like a water
take a shape !

Endless Quest

I trod the long path
I came a long way
Still I don't find
my little mermaid ! (chorus)

I sailed solo
Saw seagulls flying over
I asked them
If they saw my lover !
The birds bemoaned and turned away !

I cruised the curves
pierced through the palms
Traversed everglades
and sprawling farms
I wandered cluelessly through out the day !

I stormed at night
deep into the jungle
The beasts sneered at me
with mocking giggle
The glowing groans in the dark
were prowling for a prey !

I stayed in shacks
stared every wave
For a beautiful nymph
I'd relentlessly crave
Oh God ...
See my endless quest on a beach of bay !

Bemused

Eyes sharp as arrows
Nose pointed as dart
A mere stare at me
Pierce my heart

With your killer gaze
My heart goes on blaze

Don't blame me next time
When I will be too close !
You'll feel something sweet
under your nose !

I was bemused to see
Your slender arms !
I was literally hooked
on your charms !

In the next meeting
I will ignore your age !
I'd unleash myself
My emotions are on a rage !

Mermaid in Sands

Never before your thought
came in my mind
The reason why I miss you
I can't find !

You are far away
Beyond the Arabian Sea !
In the city of dreams
which is called as Dubai !

I am a bit restless
feeling so much lonely !
The mind is flying forlorn
revolving around you only !

I know it shouldn't happen
But not in my hands !
My the heart is pining
for a mermaid in sands !

Shooting Star

We both knew ...

How far we could go
How close we could come !
We were destined to be apart
to save the home !

I was a shooting star
that twinkled in your sky !
And vanished in a moment
with a flicker of eye!

I was as a comet
that entered your space !
Shared happy moments
and left with grace !

In this ephemeral world
even love would perish !
When a soul turns smoke
What one may cherish ?

Before it's too late
We rolled back to zero !
My role in your life
was of a part time hero !

When ...
You'd see Santa Claus
on a Christmas Eve
It'll remind memories
I left very few !

Missing You

Dear ! I wanna meet you
something to say !
I miss you more n more
with every passing day !

I think I've fallen in love
n immersed so deep !
I've forgotten the World
and lost a sleep !

When we're together
It wasn't just the company !
Your smile stirred my heart
n created the symphony !

It took me altogether
In a different state of being !
It left me formless
n I saw 'My soul is freeing !'

Be in my heart

Be in my heart
It is a cage !
You live here freely
No limit of age !

Such a lovely jail
is very rare !
So do not break it
Take its care !

It's a generous heart
not a small place
You can sail and swim
In its infinite space !

Before it stops beating
Make a move to go
You'll get a new heart
Please let me know !

Accept best wishes
from a passing breath
And do remember me
after the death !

Don't Go Offline

Oh my baby !
Don't go offline !
At least on a WhatsApp
please be mine ! (Chorus)

Let me share what
'I think about you !'
I can't express
Whenever I'm before you !
I'm so confused ' How to cross a line !'

I tried to assess
What you want to say !
I tried to reach you
in a poetic way !
I kept on wooing you in a subtle design ||2||

I can't hold my heart
It's about to bleed !
Before it shatters
You must take a lead !
You well understand ' Why do I confine ?' ||3||

You take a step forward
I'll kneel down !
Give me your heart
I'll lay down the crown !
I promise to be yours till the End of mine ! ||4||
